

*"And God Said, 'Let There Be lights in the firmament of the heaven to divide the day from the night...And God made two great lights; the greater light to rule the day, and the lesser light to rule the night: he made the stars also...to rule over the day and over the night, and to divide the light from the darkness: and God Saw That It Was Good. And The Evening And The Morning Were The Fourth Day." Genesis 1:14-19No2 KJV*

God's Word being compatible with the "Theory of Evolution" to which so many "intellectuals" adhere, is preposterous! It's either one or the other, because God's Word says that the sun, moon, and stars were created on "the Fourth Day." I defy you to find a parallel in the hypothesis and theories of the current paleontological community of scientists! The whole of their "theories of origin" can be summed up in two words, "Big Bang?" They have never produced one iota of concrete evidence to support that incredible supposition! They have a greater faith than I could ever muster to believe that! The bottom line is; you need faith to believe either. Credible facts\* support God's Word. Evolution is still "theory." If there were proof, it would not still be a "theory." Creationism is rejected, because men do not want to acknowledge God. "Even as they did not like to retain God in their knowledge, God gave them over to a reprobate mind (abandoned to evil)." The Galapagos Islands experiments were not conducted correctly. There was no control group. Not one reproduction in the fruit fly tests ever produced a different DNA. Every one was a fruit fly. Carbon14 has dated live organisms at thousands of years old! Men's science says the earth is a by-product of star matter and that the light we see originates in the glowing gasses of the heavens. What God says is diametrically opposed to that! The earth was here before there was light, and light was here before the stars were created. God created everything fully aged. Adam did not begin a baby. There was no chicken or egg dilemma, because without a rooster you get no chickens. Everything was created in a succession of six, twenty-four hour days in perfect age and order. Read Genesis chapter one from an ecological cycle standpoint. Water would necessarily precede fish as light would have to precede plants and etc. Many want to impose evolution on creation with the 1000 years equal one day scenario, insisting it took 6000 years to create everything that is. Hmm! In that case, the earth is 4000 years older than the oldest star. I could continue. It boils down to "Believe it or not!" If NOT, I have one question. What if you are wrong? I lose absolutely nothing by living right and obeying God's Word. If I am wrong, I've lost nothing. On the other hand, if I am right, those who do not obey God's Word lose everything. "For what shall it profit a man, if he shall gain the whole world, and lose his own soul?" The most devout atheist buys insurance. What insures an eternal soul? Denial doesn't trump Truth. Jesus Is The Only Way to Heaven!

Twenty-four hours in just one day,  
Just six short days, all's here to stay,  
Created by our Loving Lord,  
With His Unchanging Mighty Word! -CGP

What you really believe is not coerced upon you. It is a free and conscious choice. God knows your heart better than you. He Will Judge you at the Last Day. Are you ready to stand before Him?

*"For the Invisible Things Of Him from the Creation of the world are clearly seen, being understood by the things that Are Made, even His Eternal Power and Godhead; so that they are without excuse:" Romans 1:20 KJV*
