

*"What is man, that thou art mindful of him? And the son of man, that thou visitest him?" Psalms 8:4 KJV*

By speaking it so, God created the entire universe in six, 24 hour days! Men who use finite and limited intelligence as the standard by which they disdain the eternal omnipotent Sovereign who allows them to breath His air, claim this is impossible. Compared to other stars, so they say, our sun is not overly impressive, yet it keeps them from freezing. Its energy and light sustain their existence. Some even worship it, yet, it is only one of trillions. Omnipotent, omniscient, Omnipresence doesn't reconcile with the "theory" of evolution. Believers who use its foolish logic are denying the Omnipotence which sustains breath and purchased eternal life. Man can't even begin to catalog the number of stars. If one digital bit (8 bits = 1 byte) could hold a star's name, there wouldn't be enough terabytes (1 terabyte = 1.1 trillion bytes) of storage on planet earth to contain the catalog! God not only counts stars but calls them by name. *"He telleth the number of the stars; He calleth them all by their names. Great is our Lord, and of great power: His understanding is infinite."* I'm not done! Did you ever look through a microscope? Each and every individual cell type with all of its intricate subdivision and networking was designed by God. Your brain works in molecular levels of interaction. They've only now begun to map its regions. Let's go further. God created the atoms; made of smaller protons, neutrons, and electrons; made of yet smaller particles. Physicists theorize that the smallest particles contain no mass, but simply vibrate with pure energy. They call them "strings." A vibrating string? My guitar's vibrating strings produced sound. You see, men have discovered, "in theory," God's Spoken Word, yet still refuse to give Him credit. *"For this they willingly are ignorant of, that by the Word of God the heavens were of old, and the earth standing out of the water and in the water: Whereby the world that then was, being overflowed with water, perished: But the heavens and the earth, which are now, by the same Word are kept in store, reserved unto fire against the day of judgment and perdition of ungodly men!"* It's been in your Bible all along! You couldn't possibly summarize in a trillion books the scope of the power and knowledge of the **"I AM, that I AM!"**

Oh, what is man? The lowly worm, who stays his heart from God to turn;  
While wickedly they lust and burn, whose precious Truth they mock and spurn?  
Their Sovereign LORD will not long wait; His hand is now e'en on the gate;  
He'll judge their soul by words they spake, that have for aye condemned their fate! ~CGP

Your very breath is sustained by God's Word! Your very hairs are numbered – not counted, numbered! Your every thought and word recorded. He designed the workings of your brain that allow you to read and absorb His written Word which, even now, works to read this. Perhaps, now you better understand the Psalmist's question, *"What is man?"* What would you do to a biting insect? I hope I've begun to open your understanding of your Creator; who you disdain when you obey your own desire. It's God's throne you approach with each supplication and prayer!

*"I know it is so of a Truth: but how should man be just with God? If he will contend with Him, he cannot answer him one of a thousand. He is wise in heart, and mighty in strength: who hath hardened himself against Him, and hath prospered? Which removeth the mountains, and they know not: which overturneth them in His anger. Which shaketh the earth out of her place, and the pillars thereof tremble. Which commandeth the sun, and it riseth not; and sealeth up the stars. Which alone spreadeth out the heavens, and treadeth upon the waves of the sea. Which maketh Arcturus, Orion, and Pleiades, and the chambers of the south. Which doeth great things past finding out; yea, and wonders without number." Job 9:2-10 KJV*
