

"Remove not the ancient landmark, which thy fathers have set." Proverbs 22:28 KJV

It is a fact that those who do not remember the mistakes of the past are destined to repeat them. All too often the wisdom of our forbears is set aside in the name of "progress." Is it progress to regress? If you are moving in the direction of certain destruction, you may be moving forward, but to what end? It is better to step backwards if you are standing too near the edge of the precipice. To move forward is suicide. If you are moving in the direction of danger, then stepping back is progress. It's only progress if the direction is right. We are "progressively" letting our elected officials, and those appointed by them, destroy the landmarks set in place by our founding fathers. What our founders did was to restore the ancient landmarks set in place by God at the foundation of the earth. In their Declaration of Independence from the tyranny of King George they wrote, "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights..." Too, long they had endured the tyranny of unrighteous rulers. We have not felt the sting of the lash, nor have we born the heavy chains of oppression that our fathers gave their lives and fortunes to overthrow. Peace is best when guarded with a loaded weapon. Like the Quaker said to the burglar, *"I would not harm thee for the world, my friend, but thou art standing where I am about to shoot!"* We would do well to pay heed to the lessons of our own short history lest we once again come under the boot of tyranny. We are like birds in the fowler's snare, feeding unaware of danger until too late! It daily creeps up on us, and it will suddenly spring upon us, like a lioness in the long grass. Our freedoms are steadily being eroded under the guise of safety and peace! Do not be surprised if you wake up one day under the fist of evil! Evidence is emerging the powers that be engineer events of terror to drive people into accepting the loss of liberties for the promise of safety. Ben Franklin said, "They that can give up essential liberty to obtain a little temporary safety deserve neither liberty nor safety." The fear mongers, media included, are peddling their wares unopposed and are being paid handsomely to do so! Like so many cattle, people are being driven into pens of government control while being told the slaughter yard fences are for their protection! Following the crowd is what cattle do just before they're butchered!

Like a bird in fowler's snare,
Evil catches unaware,
Once ensnared, no bird can rise,
To wing its way to freedom's skies. ~CGP

God's Word warns, *"For when they shall say, Peace and safety; then sudden destruction cometh..."* This passage concerns the days before Christ's return. I believe these are those days! Beware the peace monger! Their goods are not purchased cheaply. They will give peace in exchange for slavery, safety in exchange for servitude. If they have the power to give, they also have the power to take! We need look no further than Hitler and Europe to learn what happens when we trade liberty for safety. There is only one Way to Liberty and Peace, faith in Jesus Christ!

*"Now the Lord is that Spirit: and where the Spirit of the Lord is, there is liberty." 2 Corinthians 3:17
