

*"Then I beheld all the Work of God, that a man cannot find out the Work that is done under the sun: because though a man labour to seek It out, yet he shall not find It; yea farther; **Though A Wise Man Think To Know It**, yet shall he not be able to find It." *Ecclesiastes 8:17 KJV**

Einstein believed in God, and admitted his belief tempered his calculations. "I want to know how God created this world. I am not interested in this or that phenomenon, in the spectrum of this or that element. I want to know His thoughts; the rest are details." Einstein believed in God, but looked in all the wrong places for what God was thinking. God's Word reveals to us that which God would have us know. An infinite God cannot be fully known by a finite man! *"Let the wicked forsake his way, and the unrighteous man his thoughts: and let him return unto the LORD, and He Will Have Mercy upon him; and to our God, for He Will Abundantly Pardon. For My Thoughts are not your thoughts, neither are your ways My Ways," Saith the LORD.*" Scientists have searched for a Unified Field Theory since Einstein's $E=MC^2$. Theoretically, the Unified Field Theory would unify all laws of physics in one equation. Scientists now have a theory that the smallest particles of matter are "strings" of energy, vibrations of only energy with no mass and are at the very heart of all matter. Seems a lot like Sound, the Voice of God, to me. The Reverberations of the Voice of God "Spoke" in the Beginning, *"Let There Be, and It Was So, and It Was Very Good!"* However, no secular scientist would ever go on record with that analogy. *"For this they willingly are ignorant of, that by the WORD of God the heavens were of old, and the earth standing out of the water and in the water: But the heavens and the earth, which are now, by the same WORD Are Kept in store, Reserved unto fire against the Day of Judgment and perdition of ungodly men."* They revere and respect God's Laws, but deny HIS Existence. I will go on record, with the authority of the Word of God and say that scientists will never discover a Unified Field Theory! They can scratch their heads until they're bald, and spend hours and billions of dollars, but it will not happen! They purposely leave out the KEY to the puzzle, God's Word. *"Professing themselves to be wise, they became fools, and even as they did not like to retain God in their knowledge, God Gave them over to a reprobate mind (abandoned in sin/lost to virtue or grace)."* Pride in their own intellect and reason blinds them to Truth. They are "sure" that they can "figure it out!" It reminds me of the group of blind men examining an elephant. One felt the tail and said, "It is surely like a rope." One felt the trunk and said, "It is surely like a snake." One felt the leg and said, "It is surely like a tree." God's Word told us the earth was round long before men "discovered" it. *"Have ye not known? Have ye not heard? Hath it not been told you from the beginning? Have ye not understood from the foundations of the earth? It is [God] that sitteth upon the CIRCLE OF THE EARTH."* If Columbus had listened to the "scientists," he never would have sailed. Without Truth, all men are blind. Remember Satan's first question? *"Hast God Said?"* Don't reject Truth just because it is questioned. Doubt is the cornerstone of unbelief!

The mind of men can never know,
The cause of wonders here below,
Unless he first, to God, returns,
And lets not faith and Truth be spurned. –CGP

Children simply believe and act. "Why" is the one annoying question they are really good at asking. Even Christ asked "Why?" while dying on the cross, but no answer is recorded. Christ obeyed anyway; our example. If you promise a child ice cream, they not only expect it, they fret, pester, and whine to expedite its arrival. God wants child-likeness, not childishness. Child-like faith is the key that unlocks the heart of God!

"But Jesus Said, 'Suffer little children, and forbid them not, to come unto Me: for of such is the Kingdom of Heaven.'" Matthew 19:14 KJV
