

"And said, 'For this cause shall a man leave father and mother, and shall cleave to his wife: and they twain shall be one flesh? Wherefore they are no more twain, but one flesh. What therefore God hath joined together, let not man put asunder.'" Matthew 19:5-6 KJV

Man quantifies the universe with math. It is said of math that it cannot lie and that it embodies purity. Many have made it their god and worship it's order. What they ignore is that God created math and the one thing that math cannot quantify and is life itself. Math cannot quantify the differences that exist in the human body before and after death. It may delineate the processes involved, but it cannot quantify the presence or absence of life. There is no equation to represent life. Every conception melds two distinct chromosomal blueprints into one unique pattern that never existed before. It takes half of a unique whole which then becomes a separate but equal whole, and then two unique wholes join to make another single unique whole making every new life unique from every other. It will never again be replicated. Each will join with another and again and again produce a new uniqueness. Every joining is uniquely different from every other, so that even twins are unique. And the "*twain shall be one.*" It is not mathematically correct. It is $1 + 1 = 1$. Math is the contrast that exalts its existence. Men wail over the loss of a species, but think nothing of destroying a new "one-of-a-kind" life in its mother's womb. It's uniqueness will never again exist. Even "identical" twins are not identical. Siblings are each uniquely different as any parent can affirm. Like snowflakes from water, two chromosomal blueprints merge many over and over never producing two alike. It is as God ordained it in the beginning. "*So God created man in His own image, in the image of God created He him; male and female created He them.*" Man was created in a standalone uniqueness of one. While we may be similar in appearance and action, no two humans are the same. God's unique singularity is the pattern for man's individuality. The destruction of a life is a sacrilegious destruction of God's image. Every murder of a an infant in its mother's womb is a blasphemous sacrilege! It will not go unheeded nor unpunished. Every child is the oneness of two unique individual singularities. It is every attribute of two life forces in one life. One plus one equals one; the miracle of life that defies quantifying! Each is a unique uniqueness - Complexity nestled in simplicity. Man and wife become "*one*" in each child every time.

*"Twain shall be one," by God made true,
So God ordained mankind to do,
Each life is one, uniquely new,
There'll never be another you. -CGP*

God created the universe in perfect order and alignment, and then created life in His own image to transcend and compliment it. In all the eons of time, there have never been two the same! When God says He loves you, He loves the you that is not everyone else! He knows your name and uniqueness and just as you have many different friends and family, God loves the WHOLE world, each and every one. The only place you will find true meaning for your uniqueness is at the side of the God who created you!

"And they sung a new song, saying, 'Thou art worthy to take the book, and to open the seals thereof: for thou wast slain, and hast redeemed us to God by thy blood out of every kindred, and tongue, and people, and nation; And hast made us unto our God kings and priests: and we shall reign on the earth.'" Revelation 5:9-10 KJV
